New Masonic Hall Dedicated

—o—

The new lodge room of Strathmore Masonic Lodge, replacing that destroyed by fire in July, was dedicated with appropriate ceremony last night by M. W. Bro. Horace F. Reid, Grand Master of the Grand Lodge of Alberta. There was a large attendance of brethren from Calgary and other points in the district.

One interesting feature of the evening was the depositing in a cavity in the formation of a vessel containing present-day records and a history of the Lodge.

Following the ceremony the brethren adjourned to the dining room of the Memorial Hall, where tables had been set for the banquet. The toast list included the following:

"The King," proposed by H. Wood, M. Strathmore Lodge; "Our Grand Master," proposed by V. H. Macauley, D.D.G.M.; "Grand Lodge Officers, past and present," proposed by John Mackenzie; "Our Visitors," proposed by the Worshipful Master. Other toasts were proposed by H. W. B. Bell and C. S. B. Lait.

The toast list and responses were pleasantly interspersed with musical selections, given by the following brethren: A. Davison, Kennedy, Townsend, Utton, and T. E. Wright.

A souvenir of the occasion was provided by a handsomely got-up folder, presented to every brother, containing the toast list, a short account of the history of Strathmore Lodge, etc.

Description of the Building

The new Lodge building was formerly the Presbyterian Church. This building had been unoccupied since 1916, but after the fire in July the possibility of remodelling and repairing it was considered and found feasible. The contract was given to Mr. M. S. Hirtle, who made a speedy and workmanlike job. The building had to be raised on jacks, and the old foundation destroyed, after which the new foundation was poured and the building lowered on it. The tower was removed, the vestibule reroofed, and various improvements made to the interior.

A cement floor was laid in the basement which is a full size one and will be used for harmony purposes, and probably later as a recreation room. A furnace will be installed, and a light and system provided. The lodge room, when completed will probably cost about $3500.

The architect was Mr. McIlroy, Calgary.

Standard News

—o—

Mrs. J. P. Hansen journeyed to Calgary on Thursday, returning on Friday accompanied by Walter Hansen, who has been ill in Calgary, but who, we are pleased to report, is well enough to be home again.

* * *

A large shipment of various kinds of trees and shrubs arrived in Standard last week from the Prairie Nurseries, Estevan, Sask. We are pleased to see that farmers and residents of the Standard community believe in beautifying their homes.

* * *

Mr. C. Anderson is the possessor of a new Ford sedan, equipped with semi-balloon tires and bumper back and front.

* * *

A large number of Standardites attended the dance and formal opening of the new Community Hall near Gleichen. Everyone reports a most enjoyable time.

* * *

Mr. and Mrs. J. F. Gorril have as their guests, Mr. Gorril's parents, Mr. and Mrs. G. Gorril.

* * *

Don't forget the Danish Ladies Aid Bazaar to be held in the church basement Tuesday afternoon, October 28. Refreshments will be served and an excellent display of various kinds of fancy work will be made. Come and bring your friends.

Mr. Severn Hansen, who has been managing the Standard Hardware since April left on Thursday for his home in Long Beach, California.

"Bob Cats'" Entry

Here we have the characteristic fighting face of Senator Robert M. LaFollette—affectionately termed by his followers as "Battling Bob"—the Independent-Progressive Party candidate for U.S. presidential honors. And he too, like the leaders in the other two parties, sees naught but victory ahead for himself in the November elections.

ALBERTA BUTTER EXPORTS GROWING

—o—

Alberta is fast climbing to the front as an exporter of high quality cream-ery butter to the markets of the world. In 1922 the total exports of butter from this province to world markets reached scarcely 1,000,000 lbs. In 1923 the total had grown to nearly 2,000,000 lbs., and in 1924, to date, the total exported has reached 3,514,000 lbs., with the expectation that the total will be over 4,000,000 lbs. by the end of the year.

Electric Light For Strathmore

—o—

Prospects Are Good for Hydro-electric Power in Strathmore Next Spring.

—o—

Mr. R. A. Brown, of Calgary, who was in town Monday, met with several members of the Town Council, and went into the town's probable requirements in the way of power with them.

The next step will be that Mr. Brown will get a project worked out and submit it to the Council. This will call for a lighting and power franchise, and for the use of so much light per year in the town for street lighting.

The giving of a franchise will necessitate a vote of the ratepayers, but there is no doubt that any reasonable proposition will meet with the approval of the majority. However, voting on a franchise will make it impossible to put the poles in until the frost goes out next spring.

The company in which Mr. Brown is interested, the United Electrical and Engineering Coy., has recently installed hydro-electric power in Cluny and Gleichen.

Dalemead Doings

Glancing over the daily news one comes to the conclusion that the English must be getting used to elections by now.

* * *

The Junior U.F.A. held a very interesting meeting last week, when a good crowd was present. John Horncastle read an essay on Agates, and it was decided to get a library from the University.

* * *

A whist drive was held in the hall on October 10, and everybody had a grand time. Mrs. Wolters and Mr. J. H. Dixon won first prize, while Mr. Dalton and Mrs. Peterson won the grand booby prize.

Mrs. Brabbin's father and sister are visiting her these days.

MAYOR MICHAEL TURNED ELECTRIC SWITCH MONDAY

—o—

At six o'clock last Monday evening Mayor L. Michael pulled the switch and Gleichen was lit up for the first time by Electricity from the Bassano dam operated by the United Electrical and Engineering Co., of Calgary, and within a few days now we will have a twenty-four hour daily service.

Quite a crowd gathered to witness the event, but Mayor L. Michael was very brief in his speech making from the platform of the transformers at the south end of Fourth Avenue.

"Just wish to thank Mr. Brown for keeping his word in giving us his promise a little over three months ago that the light would be here as quick as it was possible to accomplish the necessary work."

Manager Brown broke in:

"Don't thank me. Thank the boys for the hard work they have done."

And the whole ceremony was over of bringing light thirty miles, which means so much to Gleichen and now the dances can go on forever.

Cluny was connected up last week and their street lights can be easily seen from Gleichen at night.

The men are now busy putting in new meters and replacing the old ones and so soon as this work is finished, the "juice" will flow as long as the Bow River continues to flow.

—Gleichen "Call"

But Strathmore still remains "a city of dreadful night."

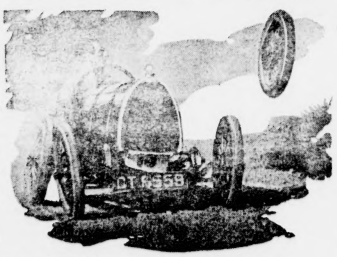
How's This For A Thrill?



Little did Raymond Mays, driving a Bugatti racing car at the recent hill climbing tests held by the South Wales Auto Club near Cardiff, England, expect to get such a sensation as the one pictured above. But it happened, all right, all right—one of those freak accidents that are apt to come up in any motor sport event.

And, our enterprising photographer—snooping around for some exciting scenes—was lucky enough to have the shutter of his camera open when May's car threw the wheel. This remarkable photograph was the result and—proof of the incident!

It all happened so fast that even the spectators didn't realize it for a few seconds. Mays was traveling along at sixty miles an hour when the back axle broke—a fine time for it to break too—and the tilted wheel was sheared off the hub and sent flying into the air. The car fortunately kept the road and Mays was able to stop without meeting injury.

Note particularly how Mays instantly realized something had happened and was turning to see what it was when the photographer snapped the picture.

Social-Personal

The Harvest Festival was celebrated at the Anglican Church on Sunday last. Special hymns and anthems were rendered by the choir at both the morning and evening services, under the able leadership of Mr. E. W. R. Lambert. The church was beautifully decorated with suitable seasonable decorations. The fruit and vegetables brought by the children to Sunday school were sent to the "Sunshine" in Calgary.

OBITUARY

It is with much regret that we have to record the death early Sunday morning of Arnold Lawson, the one year and eleven month old son of Mr. and Mrs. Percy Wright. The cause of death was pneumonia. The funeral took place the following day, services being conducted by Rev. A. D. Currie.

The deceased was an only child, and much sympathy is felt with the parents in their bereavement.

Namaka Notes

An enthusiastic hunter from Carseland district was over to Namaka lake looking for wild geese last week. They are very plentiful this year, and this hunter was very resourceful, he espied a nice bunch sitting in Jack McBean's field. Considering himself in luck he commenced creeping up on them, when within gun shot he pulled in on them and estimated he had killed them all as none began to fly. To make sure, however, he reloaded, crawled to within forty yards, and let them have it again to make sure of any that had survived the first bombardment. Making a bold dash to gather up his spoils—imagine his dismay upon discovering that he was out the price of a new set of decoys. Jack had left them sitting in the field from his last expedition. We extend our sympathy to the would be goose slayer.

Rockyford Locals

Don't fail to attend the Hallowe'en dance at Rockyford on October 31st.

St. Rita's fourth Annual Bazaar will be held in the Masonic Hall on November 10th, Thanksgiving Day. A big tombola will be held in connection. Get your tickets early.

The Girls' Gaiety Club dance held last Thursday was a big success. There was a good turnout and the music was fine. As a result the hall fund gets a good lift. Keep up the good work girls.

The Gaiety Girls' Club are holding a meeting on Friday evening. All girls are invited. The meeting will be held at the home of Miss D. Erswell.

The big drive for the new hall is on. The Amusement Hall Association has got behind the movement, and has turned over the funds of the old hall for the new venture. The campaign committee are away to a fine start. More details next week.

Summerfallow throughout the district is averaging thirty bushels per acre. The grain is of very good quality. The elevators have lots of cars, including some of the big new ones. The Home Grain loaded ten big cars last week. Threshing will be finished in a week or ten days, provided the good weather holds.

Mr. L. L. Plotkins returned from a business trip to Lloydminster and district and reports conditions favorable.

Mrs. A. G. Dunsmore, of Portland, Oregon, is renewing acquaintances in the district.

Union Church Notes

Next Sunday, owing to Mr. Rogers conducting Anniversary Services at Strathmore, a special preacher from our neighboring town will occupy the pulpit on this circuit.

Anniversary Services at Rockyford, November 2nd and 3rd.

Rev. A. S. Tuttle, M.A., D.D., of Alberta College, Edmonton, will preach morning and night, 11 o'clock and 7:30 o'clock in Rockyford Church. Special music at both services.

Monday—The Ladies Aid will serve their special Turkey Supper from 5:30 o'clock. Immediately after supper a short musical programme will be given also a lecture by Dr. Tuttle, entitled: "Worlds, Great and Small."

Don't miss this. It is only once in a while such a treat as this comes our way.

The "Beaver Cubs" had an enjoyable trip last Saturday, visiting the Hutterite settlement, and taking in the sights. The quantity of geese is a real sight. It is good to see a Canadian School in our midst. A more progressive citizenship will come as a consequence.

Baintree Sidelights

Somebody is always taking the joy out of life. The caretaker of an estate down in Massechusets was making his daily round recently, when he was startled by seeing an unusual sight recently amongst the trees. Thinking it was a new variety of wild animal, he promptly drew a bead on it with his gun. Imagine his consternation on finding that some of his No. 6 shot had penetrated the scalp of a lady who had just been shingle-bobbed. Put your gun away, fellows, until the fashion has gone out. It's better to be safe than sorry.

An Italian friend, who has returned to his olive ranch near the old Aurelian Road, sent his liquor permit to us as a farewell gift. We are not personally acquainted with the vendor, but we expect he'd get a little sore if a guy dressed in kilts and speaking broad Scotch presented a permit bearing the name "Tony Cesuvius Garibaldi." If you spoke the language of Horatius, come and get it. We'll sell it cheap.

Dave Longbotham celebrated his twelfth birthday last week-end, and in honor of the occasion invited his boy friends to come and help him dispose of the goodies. Nineteen of them turned up on time, and with the Mayor and Mr. McTavish as directors, the proceedings were carried out to successful conclusion. The youngsters tackled the feast in the manner peculiar to boys, and it was a great pleasure to all the grown-ups to watch the sport. With paper caps on their heads, the boys indulged in every kind of game from swallowing dimes to leap frog, and as the happy gang disappeared in the gathering darkness, this "primary producer" reached this ultimate conclusion. If we had the wisdom and courage of Odeysius ,the key to the Ford factory, and the beauty of Charlie Chaplin, we'd gladly trade them all to be just a common, happy-go-lucky kid again. We rather expect that you get the same feeling once in a while.

During the final contest of the world series ,we stood with many others watching the plays on the miniature diamond. Up to the 9th inning, the crowd seemed to be divided in their allegience, but when the announcement was made that Walter Johnson was once again in the pitchers box, many supporters of McGraws clan started to root for the Senators. Everyone was keen to see the old war horse end the season in a blaze of glory, and when McNeely drove in the winning run, hats and coats were thrown into the air by their enthusiastic owners. Sentiment is a peculiar thing, and when some black-dyed pessimist tells you that their isn't any goodness left in this old earth, just ask him to say a prayer for himself. It takes every fellow who is anything decent to see a good man fall down, and Johnston deserved a kind thought from every follower of America's great game. Apart from his personality, here are some of the reasons for his popularity: Johnston always plays the game for his team, and not for the grandstand. He always accepts the umpire's decision without a whimper. He never roasts a fellow sport and a good sportsman is always a gentleman. May he continue to honor the game with his presence for many years to come.

With the approach of "chill November's surly blast", the thought of all Canadians turn once more to their own national pastime, ice hockey. It contains more thrills to the fast second than any other game played in this or any other world. And the fights! Oh, boy! They fill our old heart with joy. When a couple of guys start swatting one another on the ice, it's fun to watch the crowd. Standing on their neighbors toes to take it all in, they keep shouting like mad: "Put 'em off, put 'em off." Yes, and all the player, even for a cocky orror. In victory, or defeat, he is always a true-blue time they are holler'n their heads off, the kind-hearted people keep a hoping that nobody will interfere for half an hour. What about the ladies? Why, they are just as blood-thirsty as the male species. Last winter a nice lady whom we know, and who wouldn't soy too to a mouse for a string of pearls, told us that she always enjoyed that extra in the programme. We got to believe her, fellows, for we never heard a lady tell a fib yet.

Did you ever hear this one? Two young lady artists in Spain arrived at a country inn, hot, dusty, and thirsty. They couldn't talk Spanish, but wanted some milk badly, so one of them drew the picture of a cow, while the other jingled some coin. The Spaniards looked, and a boy was sent off at express speed. In half an hour the kid senior returned, hot, but triumphant—with two tickets for a bull fight.

So long guys, the hour of midnight has just donged.

These are the days when little Willie can go out and play four quarters of strenuous football, but you've got to give him a quarter to go on an errand or saw a little wood for the kitchen stove.

Above is an impressionist sketch of Strathmore's street lighting system, by our own artist. The drawing was made at night, which accounts for the haziness of the outline, but our readers will agree that the artist has made a good job of drawing the surrounding darkness.

The system consists of a lamp on a stand, as above depicted. There is no duplicate, though a former lamp near the same location (intersection of Second St. and Second Ave.) was once roped and brought down by a cowpuncher in the days when this portion of the west was really "wild and woolly." We are not aware of the amount of candle power represented by this lamp, but it varies according to the amount of soot on the lamp chimney.

Many of the ratepayers of Strathmore favor a modern system of electric lighting, but there are others who are apparently satisfied with the illumination afforded by the above exhibit. At any rate, it has been the only illuminant for several years past, but a proposal is now forward for hydro-electric power.

The bright spot at a lower level than the lamp is the reflection of the artist's cigar.

National Poppy Day Campaign

—o—

As each successive anniversary of Armistice Day has passed the sentiment has become among the peoples of the Allied nations, more evident showing the reverence in the hearts of the people for the heroic dead who made peace possible.

The children of the devastated areas of France gave the nucleus of this idea which has rapidly gained recognition until not only Canada, but, in Britain, France, Italy, and the United States the Poppy is worn in Memoriam of "In Flanders' Fields the Poppies Grow", when they gathered the little red poppies and decorated the graves of the fallen heroes near their homes.

Each year on November 11th the proposal has advanced and the wearing of the poppy as an expression of deep reverence for the memory of the dead meets with more sympathetic approval throughout the country. Last year there were very few citizens in Canada who did not pay their tribute to the dead in this way.

Poppies are being placed on sale in each town in the province where there is a branch of the G.W.V.A., and where there is no branch, other organizations or private individuals are handling the poppies for the G.W.V.A.

How to organize and Hints on Organization will be gladly given to any anxious to assist, on application to the Provincial Command, G.W.V.A., Calgary, Alta., or the Local Secretary G.W.V.A.

CARSELAND NOTES

—o—

The U.F.A. meet in Carseland on Saturday, October 25th.

Alberta, Canada

—o—

Where the beautiful, swiftly-moving views
Of the Northern Lights were seen,
Where red men, in tepees living;
Trapping beavers by the stream.
Where the sound of the wild geese calling,
As they would go sailing by.
The coyote pack out hunting.
Gave their hideous mournful cry.

Where petrified bones in the "bad lands",
Were waiting to be found.
Buffalo, deer, and elk horns,
Lying scattered o'er the ground.
Where the lonely cow-boy riding
Long trails, scarce hearing a word
Dismal sounds in the night time—
Lowing of the herd.

Where the brave, red-coated Mounties,
In that land of ice and snow;
Rode cross country after "bad men"
And got them too, you know.
But the friend of all honest people,
In rank, either high or low;
Such was Alberta, Canada,
Some thirty years ago.

Now if you visit Alberta;
Wherever you may ride;
There are good roads, where the auto may go,
And farms on every side.
The "iron horse", with his heart of fire,
May be seen from any road.
Puffing steadily across the fields;
Breaking plows, or discs, his load.

Thirty to fifty bushels of wheat per acre.
Oats and barley also yield
According to moisture given us,
And the condition of the field.
All common garden vegetables
Are grown on every farm.
There are wild fruits of several varieties,
But no snakes to do you harm.

If you wish to speak to a neighbor
Step to the phone upon the wall.
If word to a friend in Calgary—
Send a long-distance call.
With loved ones gathered around us,
Near the close of a day;
The radio brings important news,
And music from far away.
If, some years, the rain clouds pass by, you know;
And a big crop we fail to get,
Don't talk disaster where'er you go:
Use common sense, and grit.
Economize in bills to be met;
Buy no autos for a while.
Keep your fields well tilled for the rain we'll get—
Work patiently, and smile.

At times I may dream of my southern home,
And the song of the mocking bird;
Then I look at our farms from the virgin sod,
And I murmur, not a word.
Near the beautiful, moving, northern lights.
Our homes, let us keep for aye,
In the famous hard-wheat district,
of Alberta, Canada.

Mrs. Louis O. Hart,
Rosebud Creek,
Alta., Canada.

THRESHING WELL FORWARD

—o—

The fine spell of weather which has prevailed during the past ten days has brought a big difference in the appearance of the fields, and stooks are being rapidly replaced by straw-stacks.

It is estimated that another week will see the completion of nearly all the threshing in this district.

Summerfallow is yielding between twenty and thirty bushels to the acre, stubble and spring plowing less, though even on stubble there have been some comparatively good yields.

Grain prices are still holding up well, though there are daily fluctuations.

Golf Notes

—o—

The card party and dance given by the Golf Club on Friday of last week, October 17th, was a very enjoyable event, and a substantial sum was realized for the club from the sale of tickets. Bridge and whist were the games of the evening, followed by a dainty supper, dispensed by the ladies of the entertainment committee, under the direction of Mrs. Tom Chamberlain.

Mrs. Stockton, Mrs. Tompkins, and Mrs. Girvin of the executive committee received the guests at the door, and the bridge and whist tables were under the supervision of Mrs. Ridley, Mrs. Van Tighem and Mrs. Wright of the handicap committee, greatly reinforced by Dr. Robinson and Mr. T. Wright.

The sale of tickets was in the hands of Mrs. Patrick, assisted by Mrs. Robinson, Miss Watson, Miss Gibson and Miss Brown. A little souvenir bracelet going to Miss Watson as having sold the greatest number of tickets.

After cards and supper a few words were spoken by the president, Mr. G. H. Patrick, on the subject of the club's immediate social and financial aims, after which the bridge and whist prizes were presented respectively as follows: Ladies—Mrs. Tompkins, Mrs. Kelling. Gentlemen—Mr. Lodmell, Mr. Pierson. This was followed by the presentation of 1924 golf trophies, won by club members in the games provided by the match committees, in accordance with their fixture cards—the programme for the season presenting golf in pleasantly diversified forms.

Dancing completed a very pleasant evening.

The men's team match, Strathmore vs. Gleichen, at Gleichen, on Sunday last, gave the victory on points to Gleichen, though the play in each case was close.

Next Saturday, October 25th, a ladies' one-club competition will be played. Entrance fee 10c.

Sunday, October 25th, a men's team match, Captain vs. Vice-captain, will be played.

Announcement is made of the fall mixed foursome to be played on Sunday, November 2nd, at 1.30 p.m. Miss Watson, ladies' vice-captain is offering a club pin as a gentlemen's prize, and Dr. Robinson, men's vice-captain, is offering a club pin as a lady's prize. A tea will follow the game ,to which all the competitors are invited. Members intending to play in this competition will kindly arrange their own foursomes (husbands and wives not to play as partners) and hand in the names to Mrs. Ridley before October 30th.

HAS CHARGE OF NEW COURSE

—o—

W. J. Elliott, former principal of Claresholm Agricultural School and manager of Strathmore Demonstration Farm, and latterly with the livestock branch of the United Grain Growers, has been appointed by the provincial department of agriculture to take charge of the training of the British boys who will come to Alberta for special courses in practical agriculture at the Vermilion School of Agriculture, east of Edmonton. Under this plan which was evolved by Hon. Geo. Hoadley, Minister of Agriculture, in conjunction with the British Overseas Settlement Board, young men of from 18 to 25 years of age will be brought to Alberta for special training in agriculture before going on the land. There are now fifty of these young men on the way to Alberta to take this course ,they have sailed this week. More will follow later.

Attree Dancers' Return Visit

—o—

The Standard has pleasure in congratulating the G.W.V.A. on their rebooking the Gladys Attree Dancers for Hallowe'en, October 31st, at the Memorial Hall.

It will be remembered that these clever artists paid us a visit in April, and those who saw them were delighted. Those who missed them were sorry, so we hope they will be greeted by a full house this time. Everything has been done apparently, to make this event a jolly one. After the show a dance will be held in which the usual Hallowe'en confetti will be in evidence, and also Madam Attree will hold a Fox-trot competition, which she will judge herself, and award suitable prizes. Productions of the Attree Class should be encouraged in our town, especially at the most reasonable prices of admission advertised.

Boys' Conference At Strathmore

—o—

Strathmore is the point chosen for a Boys' Work Conference to be held on Thursday and Friday, October 30th and 31st. Delegates will be present from Rosebud, Rockyford, Carseland, Nightingale, Cheadle, Namaka, Strathmore, and a big turnout is looked for. Following is the programme of the conference:

8.00—Address: Taylor Statton, Toronto, National Secretary.

General Information

The conference is open to all older boys 12 years of age and over, to ministers, and boys' work leaders.

A registration fee of twenty-five cents will be paid by all delegates attending the conference.

Billets will be provided free for delegates for Thursday night.

The program has been planned so as to give every delegate opportunity to raise questions about any problem of his group.

Boys who cannot join organized Tuxis Squares or Trail Ranger Camps are specially urged to register for the conference so as to learn of the plan for "Pioneer" Tuxis Boys and Trail Rangers, whereby they may work the program out without attendance at group meetings.

School Column

—o—

Last week a party was held by the High School pupils and teachers at the school. Before supper games were played outside, and everyone was ready for the excellent meal prepared by the older girls. After indulging in some songs and yells ,the student body divided: Grade IX playing games in one room, while the senior pupils put on an initiation ceremony. After all had been duly initiated ,a guessing contest was held, Tommy Chamberlain and Mildred Marcum winning first prize, and Dick Cleeve and Helen Foote the booby. The remainder of the evening was spent in singing, playing games, and partaking of refreshments. A very enjoyable evening was brought to a close by the singing of "Auld Lang Syne."

The majority of the teachers of the Strathmore district attended the Calgary Rural Teachers' Convention, held in the First Baptist Church, Calgary, on Thursday and Friday of last week. Out of the 130 teachers in Mr. Buchanan's inspectorate ,at least 113 were present. The programme was such that every teacher should go back to his school better equipped for the daily task. Principal R. L. Whitney, Strathmore, was elected president of the association.

At noon on the second day, the second day the teachers of the Strathmore District ,to the number of twenty had lunch together at the Hudson Bay. We hope that it will be possible for us to meet together many times during the year.

On Friday next a meeting of the Local A. T A. will be held in the Junior High School Room (old building) at 8 p.m. All teachers, members or non-members are cordially invited.

Provided transportation can be arranged Strathmore School will play Carseland School a game of football, at Carseland, next Saturday.

The thanks of the School Fair Committee are due to Messrs Rowe and Currie for having judged the compositions entered at the School Fair. This was no easy task and their assistance was greatly appreciated, not only by the School Fair executive, but also by the judges.

This column is open for items of interest from all schools in the district.

A practical joker, late Saturday night or early Sunday morning, pinned a notice to the door of a local man's place of business and residence, stating that he had died, and that the date of the funeral would be given later. He also tied a band of crepe to the door-handle. The notice was first seen by some little girls, who notified their father, who in turn notified the undertaker. The upshot was that a party made their way to the house, and found the "deceased" arousing from his Sunday morning sleep-in. He informed them that the report of his death had been, like Mark Twain's "greatly exaggerated." The news of the death had spread,and the phone was kept busy all afternoon denying the report. One consolation "Bill" got out of it, was that he never knew what a good fellow he was until he was gone (temporarily). However, the joke was of too rough a nature, and those who attended the "obsequies" would like to lay hands on the joker.

We have a letter this week from a correspondent who professes to be an I.W.W., but if he doesn't work any better than he spells, he is not entitled to a Union Card. The writing is like the curate's egg, "good in [illegible] and it is hardly possible to [illegible] into shape for publication.

A farmer living east of town voices a hearty complaint regarding the condition of the main road east. He says the chuck holes could be filled, and **the road put in shape for an expenditure of $10.00. $1400 has been spent on this road this summer already, and if $10.00 would put it right, it seems** poor economy not to spend it.

Mr. John A. Campbell, who has been down in Kevin, Montana, for some time, is now back in the Strathmore **district.**

• • •

Several officers of the Provincial liquor squad have been in the district during the past two weeks on a search for violaters of the Alberta Liquor Act. There is no excuse for violating the present liquor law, or any other law, for that matter, and if any bootleggers are punished as a result of the investigations, they will have no sympathy extended them by the public.

Work on the new brick and hollow tile buildings is going ahead fast, and they should be ready for occupancy within the next three weeks. The metal roof is now going on Mr. Bell's new garage. The foundation for the new Ford garage is now in ,and the erection of the walls will commence this week.

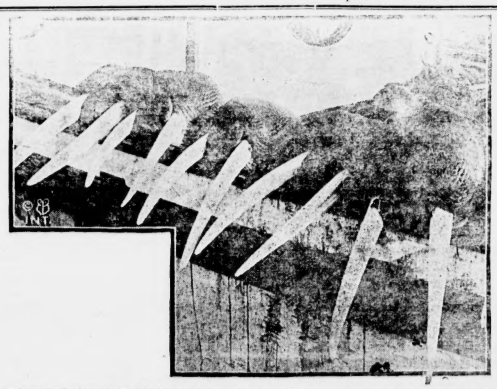
Rosebud news received too late for this issue. Will appear in our next.



Walrus is to the Eskimo what steak and chops are to us. Only, instead of his favorite meat with the aid of a spear. And when he does encounter a goodly herd of walruses—man, they tell us, he sure does "do his durndest" in stacking up plenty for his winter larder.

Not only is the walrus valuable as a food, but the ivory tusks and the skins also are preserved. The ivory is utilized by the Eskimos for manufacturing native implements, while the hides are used to build summer habitations.

In the above photograph, is shown an extraordinary fine collection of walruses taken after an exciting hunt in the far north.

To Insurance Beneficiaries

Hundreds of thousands of dollars are lost annually through the unwise investment or careless spending of monies received for insurance death claims and matured endowments. A Union Bank Savings Account is the proper place for the deposit of such monies. If Beneficiaries seek investments, our branch managers are always willing to help them with sound and conservative advice.

Slats' Diary

Friday—Ma got a long letter from a lady cuzzen out West today and she has ben a haveing lots of trubble with her husband wich she marryed sum time ago. They went and seperated apart a cupple mo. ago and now she has sewed him for Non Support. Pa says if her Husbend is anything like what he used to be that she will be very libel to get it.

Sat.—we all went down town tonite to do sum shopping as this was pay day for pa. And ma went in to the store and left I and pa outside and we herd 2 men tawking to each another. Pa and me had a good laf but we disided we wont tell ma. Just yet. I fellow sed to the other fellow. Well I tell you I aint nobodys fool, and the other fellow replyed and answered cunningly. Well & I aint marryed neither.

Sunday—went on a tour in are ford today and stopped at a resterunt in the city for dinner. They was a man cum up and bowed and tawked nice to us and ma hands him a quarter as he goes away. Pa sed. What in erth did you give that man a quarter for he was a agquaintence of mine witch writes in a nooespaper here. Ma sed. Well he was so polite I thot he must of ben a head waiter or sum thing.

Monday—Pa got credit for a nother boner today witch it was not his fault far from it. He was writeing about a grate singer whom was back here on a visit to his home town. Pa note that he was singer of note but the tipe writer made it that he was a Singer of notes.

Tuesday—I gess pa will be carefull what kind of advise he distribbits out in the near future. Mrs. Gapert witch says about two Hundred and 50 ast pa if he how where she cud get her pitcher painted by an artist and he sent her to see a fellow on the west side. But when she got there she finds out pa has sent her to a land scape painter and now she wont speak to him a tall, any more.

Wensday—Ma says she is getting a skared to take pa to enny kind of a respectful gathering because she all ways expecks him to make sum kind of a brake just when she lease expecks it here of lately.

Thirsday—I of are neighbors got arrested toda yfor boor leggin and the officer witch got him sed that he had the stuff in his house that if you wood pore sum of it on a fonograft record it wood turn it into a Bpz saw. Ma and me dussent believe it. Xackly.
